Napier Alumni Association Celebrates 40th Year

by James H. Davis, Class of 1923

In 1916 the citizens of the Napier community voted to unite seven one-room rural schools and a portion of two others to form the Napier Consolidated School District. To accomplish this, they voted a bond issue of $50,000 to purchase a site and build new facilities including a school house, bus barn, and two dwellings. Their goal was to provide improved educational opportunities, including four years of high school, for the boys and girls of the enlarged community.

The target date for the opening of school in the new building had been September, 1918. These plans were interrupted, however, when on May 10, 1918 the nearly-completed structure caught fire and burned to the ground, leaving only the chimney and portions of the lower outside wall intact.

The dauntless courage of the people of the community, as well as their faith in education, was proved by the fact that they immediately voted to bond the district for an additional $15,000, which together with insurance money collected, enabled them to proceed with the construction of the building.

It would be next to impossible to give due credit to the many persons who played important roles in the formation and organization of the Napier Consolidated School District. This would be true even if the basic facts and details could be reconstructed. In reality, many of the facts are lost to history and cannot therefore be ascertained. The cornerstone on the northeast of the building bears the following inscription:

"ERECTED A.D. 1918
S. A. Walker, President
J. C. Judge, S. A. Brooks
C. L. Accola, D. L. Bassett
Joseph A. Judge, Sec'y.
W. A. L. Gillett, Treas.
Gracia E. Tucker, Co. Supt."

The Napier school building was officially dedicated on Friday, January 28, 1921. The dedicatory address was given by P. E. McClonahan, State Superintendent of Public Instruction. Also present to give congratulatory remarks were Lieutenant Governor Hammill and Senator McIntosh.

January 12, 1920 was indeed an historic day in the Napier community as it marked the opening day of school in the new building. The elementary grades were housed in four rooms on the main floor with two grades to the room. This was an important improvement over the old country schools where one teacher had taught all grades and in addition, served as her own janitor.

The high school occupied the top floor where three teachers, including the superintendent, provided instruction for students enrolled in grades 9, 10, and 11. There was no senior class the first year.

The original high school faculty was composed of Fred S. Grawe, Superintendent (deceased); Nettie Getty, now Mrs. George Owens of Sea Girt, New Jersey; and Nadine McClung, retired from teaching and living in her home town of Garden Grove, Iowa.

The high school curriculum included English, Mathematics, Bookkeeping, and Agriculture. The girls were required to take agri-

culture during the first year insomuch as the Home Economics room served as partial living quarters for the superintendent and family.

The elementary faculty was composed of Marie Edwards (now Mrs. Harold D. Showers of West Palm Beach, Florida) grades 1 and 2; Opal McKenna (Walker) deceased, grades 3 and 4; Eva Brooks (now Mrs. Henry Miller of Ames) grades 5 and 6; and Lillian Curry (now Mrs. Allan J. Curran of Boone) grades 7 and 8.

The first public gathering in the school assembly was a box social held on February 20, 1920. It is not known who sponsored the social; however, records indicate that a total of $175.00 was raised. Keen competition must have existed between some of the males present for certain boxes they believed they could identify.

Even though many of the boys had never had hold of a basketball before the opening day of school, fragmentary records indicate that they triumphed over the Independents on February 11, 1920, but the score is not known. On March 12, 1920 they defeated Kelley in a close game—22 to 20. On March 5, 1920 they were defeated by Gilbert by the tune of 9 to 23.

During the next thirty-five years the school conferred graduation diplomas on 307 students. The largest graduation class was that of 1923 with nine boys and nine girls. The smallest class was that of 1951 when one lone graduate, Verne Lampman, had the distinction of receiving all of the class honors.

The impressive activities record of the students of Napier Hi over the years is evidenced by the array of trophies on display in the trophy case on the landing midway between the first and second (top) floors. They testify to excellence in such areas as declamatory, music, basketball, baseball, and track.

The Napier Alumni Association was organized on June 9, 1923 following a banquet to which the graduates of the classes of 1921, 1922, and 1923, together with their parents, had been invited. No recforty persons attended. No record of the original officers has been found.

Present officers (1962-1963) are: President — Mrs. Irene (Smith) Crippen, 1929 Wilson Avenue, Ames; Vice-president—Mrs. Edith (Eveland) Franksain, Slater, Iowa; Secretary — Mrs. Beulah (Kitchen) Hoffman, Ontario; Treasurer — Ronald Thompson, Route 1, Boone; and Historian — Margaret Cooper, Route 3, Ames.

Bond burning ceremonies were held in the school assembly on Sunday afternoon, May 26, 1946. Herb Plambeck, Farm Editor of Radio Station WHO, gave the main address of the occasion. James E. Judge, President of the Board, and J. E. Bennett, Secretary, participated in a bond-burning ceremony in which the last and final bond representing district indebtedness was burned in a glass bowl.

A total of fifty-five sons and three daughters are listed on the service honor roll of the Napier Consolidated School. The wall plaque on which the names of the fifty-eight graduates are listed is located on the west wall of the stairs landing between the first and top floors. Three made the supreme sacrifice by giving their lives for their country. Lawerence Deaton was killed aboard a submarine near the Aleutians August 2, 1942; Pilot Jack Greve was shot down over France by German gun fire August 20, 1944; and Bert Robinson met death in France on July 17, 1944.

The Napier Consolidated District formally came to an end at midnight of the 30th day of June, 1955 when the district was merged with

neighboring districts to form the United Community District. This district currently encompasses the former high school districts of Napier, Luther, and Jordan, together with their tuition attendance areas. The total land area is approximately 123 sections with an enrollment of 630 students. The elementary school for all students in the district enrolled in grades 1-6 is at Napier. The junior high is at Luther and the high school at Jordan. E. E. Andrews is the Superintendent of Schools.

Would that time and space might permit the highlight of events from each graduating class to be included in these pages. Since this is not possible, it will be up to the members from each class to group together and re-live bygone days at the alumni 40th anniversary. This will make it a lot more fun, anyway.

Napier on CBS-TV

Harry Reasoner, CBS News Correspondent and former Napier student, was honored at a reception at Napier school house, May 23rd, 1963 by the Napier Alumni Association and friends. He was here for the purpose of filming a "typical midwestern graduation". Harry gave the commencement address at the United Community graduation, of which Napier is a part. His topic was "The Joy of Being Ordinary". His program was aired on his morning TV show "CALENDAR" CBS—on May 30th and 31st. This was the second time Harry told his viewers about our school, as last July Napier was the topic of an evening CBS-TV program on "CALENDAR".

Harry and his wife, Kathleen, are the parents of seven children and live in Weston, Conn. His alumni family is his sister, Esther, and Chester Newby.

It was a pleasure to have you as our guest, Harry, and come again.

One of these books will be given to each of the following: the Boone County Superintendent's Office Library, the State Historical Society Library in Iowa City, the State Library in Des Moines and the Boone and Ames Public Libraries.

We know our history is far from complete so we invite each of you to write us of events of interest about the Napier School. If you served as teacher, bus driver, cook, custodian, superintendent, or board member, tell us about it. Your knowledge of Napier historical events are most important. Each will be collected, typed and filed with our books given to the libraries. Help us bring our Napier records up to date. If you were a student at Napier school, give names of your parents, where you lived while in this community, your education, your profession or business and information about your family. Your great-great grandchildren will be delighted to find this record in the Napier School Library in the year 2063. Mail your data to Mrs. A. Harold Crippen, 1929 Wilson Avenue, Ames, Iowa — very soon.
